Managed Services

Video

With Lightpath 10Gb Optical Transport Bundle, your business gets a modular point-to-point, cost effective solution with sub-rate multiplexing (SRM). You get the ease of having multiple services provisioned over a single 10Gb wavelength. All while reducing cost, operational complexity and resources associated with adding, changing and removing connections.

Manage your network simply

With flat-rate pricing and simple standardized packaging, Lightpath provides your business with the flexibility and scalability you need. Base package options include:

- 2.5Gb Bundle – Consists of two of any of the following services: OC-48 or Fibre Channel 200
- 1Gb Bundle – Consists of four of any of the following services: Gigabit Ethernet or Fibre Channel 100
- Mixed Bundle – Consists of one of the following services: OC-48 or Fibre Channel 200 and two of the following services: Gigabit Ethernet or Fibre Channel 100
- One Fibre Channel 400

Solutions-based benefits:

- Security – Give your business peace of mind with segmented applications over multiple optical-transport channels
- Customization – You are able to address evolving business needs with a modular and customizable bundle solution
- Scalability – Your business can expand to full 10Gb capacity to meet your current and future data needs
- True simplicity – Your business can count on flat-rate pricing, seamless installation, predictable billing and award-winning Customer Care making it easy to manage your network and your budget

Lightpath 10Gb Optical Transport Bundle

Technical features:

Circuit Identifier:	CLCI coded Circuit Identifier for UNI [A & Z]
Physical Interface:	SFP - SX-MM, LX-SM (802.3 IEEE Physical Interface)
Protocols Supported:	IEEE 802.3 Ethernet, SONET, Fibre Channel
Interface Speed:	1,000 Mb, OC-48, FC 100, FC 200
Mode:	Full Duplex
Network Availability:	99.9% (Standard), 99.99% (Optional), 99.999% Route Path and Shelf (Optional)

Lightpath Delivers

Improved and Simplified Business Processes

- The technology you need to transform the way you work
- True network diversity ensures your business is always up and running
- Power your business applications with fast, highly-reliable Ethernet-based services on our secure, 100% fiber-optic network

Improved Customer Service

- Lightpath provides award-winning support 24/7
- Empowers employees to be productive
- Connect to your customers anywhere, anytime on our fast, secure network

Control Costs

- Manage your telecom budget with predictable billing
- Flat-rate pricing, no surprises
- Convenient, online billing saves you time and fits your schedule
