

# Hosted Voice 2.x Printing the Cisco Sidecar Insert

It is easy to print a new paper insert for your Cisco Sidecar through the CommPortal.

The image shows two screenshots illustrating the process of printing a Cisco Sidecar insert through the CommPortal.

**Top Screenshot: CommPortal User Interface**

- 1. The **Settings** tab is selected in the top navigation bar.
- 2. The **Phones** sub-tab is selected in the secondary navigation bar.
- 3. The **Configure your phone** link is highlighted.

**Bottom Screenshot: Phone Settings - Windows Internet Explorer**

- 4. The **Print** button in the bottom right corner of the interface is highlighted.
- 5. A **Print** dialog box is open, showing the option to print the **Insert: Expansion 1** configuration table.
