

LIGHTPATH HOSTED VOICE E911 STICKER PLACEMENT GUIDE

If the physical location of one of your phones changes, you must register the phone's new physical location/address to ensure correct routing of 911 calls. Go to the Lightpath CommPortal at www.lightpathhostedvoice.com and click on the Settings/Security tab to enter the phone's new physical address.

Please place the included sticker on or near your phones so users are aware of this.
